more than just coffee...

## DCS-2

The art of  
espresso coffee

## Speed combined with ease of use

A wide variety of hot drinks, ease of use and proven technology; whether you want large or small quantities of coffee, the DCS series of instant beverage machines offer the perfect solution for every location.

The DCS series from Divine Coffee generates a professional appearance thanks to the use of durable materials such as stainless steel. Various hot beverages and hot water can be delivered quickly at the push of a button!

## DCS: for both cups and decanters

- Clear menu with LED display
- Use of durable materials
- Closable canister outlet
- Programming options for each drink
- Unique mixing system ensures perfect flow of ingredients
- Easy to clean thanks to the removable ventilation housing
- Easy to program
- Quick and user-friendly

## DCS Series

The DCS series from Divine Coffee features speed and efficiency. Pressing a single button delivers a cup of coffee, cappuccino or hot chocolate (depending on your chosen model) in next to no time. A separate tap also provides hot water for tea or soup.

User-friendliness is the key feature of the DCS series. The DCS series are available in *Mysterious Grey* and *Stardust White*, so it fits perfectly into any interior colour scheme. The DCS1 and 2 machines include 1 or 2 transparent, closable canisters which are convenient for filling with ingredients.

- DCS 1 has 1 large canister e.g. for coffee or cocoa.
- DCS 2 has 2 canisters e.g. for coffee and topping, as required for cappuccino.
- Both models have a separate button for hot water.
- Optional: pedestal to allow quick filling of decanters.

## Transparent canisters

Clear and user-friendly.

Choice of beverages	DCS 1*	DCS-2*	DCS-4*
